SERVING IN THE VILLAGES OF NORTHWEST HAITI

More Value for Your Dollar

In our current economic situation, we hear people lamenting about rising prices and the buying power of the dollar decreasing drastically. What a shock when I filled the gas tank in my car and the total came to \$60 considering that same amount of fuel was only \$36 a few short months ago.

We recognize that God has Living Water Ministries on the Manna Plan right now. He provides exactly what we need each month to keep our current ministries functioning. Month by month we have watched Him provide the manna we need. And we Praise Him for His faithfulness. You, our Supporters, are responding to His leading every time you send a donation. It takes about \$10,000 each month to support 5 churches, 6 schools, 48,000 lunches for 2,400 children (per month), 35 Teachers, 2 Nurses, 3 Pastors, Pastor Etienne, and one person state-side who helps us with our outreach. This is an enormous amount of ministry for such a small amount of money.

However, if you do the math, this only nets \$120,000 per year and that is less than half of what it takes to fully operate this ministry.

If you are not currently setting aside something to send each month, now is a good time to make that choice. As you can see, the dollars received are being used to their maximum worth.
